### **Tech Tools Mobile App Selected As One Of The Top Ten New Products Of 2013**

CHARLOTTE, NC – February 25, 2014 - Charlotte Pipe's Tech Tools has been selected by PM Engineer magazine as one of the Top Ten New Products of 2013. The mobile devices app provides simple, on-the-go tools for the plumbing industry, including an expansion and contraction calculator and a temperature de-rating calculator.

The app has been downloaded over 700 times in less than six months and has received positive feedback from users. Charlotte Pipe will continue to add tools ideal for plumbing engineers, contractors, architects and other industry professionals.

The app can be downloaded at:

- Apple Store:
  - <https://itunes.apple.com/us/app/cpf-techtools/id679297384?mt=8>
- Google Play:
  - <https://play.google.com/store/apps/details?id=com.charlottepipe.cpftechtool>
- Blackberry:

Charlotte Pipe and Foundry Company is the nation's top maker of cast iron and plastic pipe and fittings. As a leader in innovation and quality, we manufacture the industry's broadest range of standard and specialty DWV products. We are the only manufacturer that offers a system of ABS, PVC, CPVC, cast iron, FlowGuard Gold®, ChemDrain®, ReUze® and RePVC® pipe and fittings for both residential and commercial plumbing systems.

Charlotte Pipe is headquartered in Charlotte, NC, and has seven plant locations across the United States. Combining modern technology with a century of craftsmanship and experience, Charlotte Pipe and Foundry has a proud legacy of commitment to the industry and its customers. The company is guided by the philosophy of its founder - produce the best possible product and provide the best possible service for the customer.
